## ***To the parents/guardians***

I want to sincerely thank you for the opportunity you are providing your child to attend the VCSV Winklespruit Sea Camp from **22-27 September, 2024**. It is a privilege for us to camp together with your child and to support him/her in developing a deeper understanding of God.

The vision of the VCSV/UCSA is to lead a new generation into adult life in Christ. This vision has four components: the development of young leaders; the integration of young people in a diverse South Africa; the cultivation of a value-based lifestyle among young people; and providing opportunities for young people to make faith decisions for Jesus.

3

## ***Room Placement***

We try to accommodate school grade groups together as much as possible. Unfortunately, changing room assignments is not possible due to the large number of young people at camp. We appreciate your understanding in this matter.

## ***Donations & Cancellation***

If you would like to make a donation for a child who would like to camp but cannot afford the full amount, please use "donation" as a reference.

For cancellations received from 6 September 2026, onwards, the full camp fee is required as we have already incurred all expenses.

## ***The camp of a lifetime!***

Thank you for your child's camp registration. This camp promises to make a lasting positive impact on your child's life! It's a reality... We're going to the sea!

The volunteer team, consisting of a camp committee (UCSA head, spiritual leader, the Winkies band, camp organizer, camp leaders, and prayer leader), group leaders, advisors, and media team promise to do their very best to make this an unforgettable week.

We achieve this vision by facilitating life-changing experiences such as the Winklespruit Sea Camp, where young people can be positively influenced.

The VCSV/UCSA operates interdenominationally, and therefore, all staff members sign a commitment not to address doctrinal issues on which the church does not have consensus.

In addition to the spiritual aspects, there will also be plenty of fun. We want to provide your child with the opportunity to enjoy their vacation alongside other Christian youth.

## ***Did you know?***

This camp is presented for the 76th year!

## Safety

Having offered this specific camp for 76 years, experience has taught us what to watch out for. Each individual is responsible for their own safety and belongings. We also have medical services on standby in case of emergencies. We rely on group solidarity and campers' compliance with all rules.

9

## Security

We have a security service that operates 24 hours on the premises.

If anyone moves outside the premises (to the shopping centre or swimming beach), it will be in groups of a minimum of 10 people. Usually, several groups move together.

10

## First Aid

In case of emergency, we utilise the Winklespruit community forum medical services. Parents/guardians will be contacted immediately. We have a refrigerator for chronic medication.

As we are not allowed to dispense medication, campers are requested to bring their own medication or purchase it at Clicks.

## Program schedule

The weekly programme aims to guide the camper through an intentionally progressive facilitated process. This means that we stretch the comfort zone in a safe environment in order to expand it. This results in growth for each individual and group. After the camp, we would like to continue the process by expanding the environment, whether it's family, school, church, or community. Influence has an impact.

## Typical discussions

We talk about, among other things:  
What does the life of a teenager look like?  
Who is Jesus?  
Am I saved and what does it mean?  
How do I get rid of my sins?  
How do I start a new life?  
What do I need for my new life?  
Where do I get help on my new journey of life?  
How do I live when I am back home?  
How can I help others?

## Parent/Guardian Support

Remember your teenage years. This week is an opportunity to steer, accelerate, and improve your child's life in the right direction. With so much pressure, the time after camp is just as important as the week itself.

Give your child a chance to practice, apply, and love God Triune, you as a parent/guardian, and the family what they have learned.
