

THE KOEKIE KLUB

KOEKIE CARE GUIDE

Cookie Care Instructions:

Our cookies can be kept in their sealed packaging for up to one (1) week.

To enjoy them warm and soft, we recommend a touch of heat. You can microwave them (out of the packaging) for 8–10 seconds, but we highly suggest warming them in a preheated oven at 180°C for 4–5 minutes.

If you'd like to save them for later, we recommend freezing them in their original sealed packaging inside an airtight container for up to 2 months. To enjoy them warm, take them straight from the freezer (out of the packaging) and place them in a preheated oven at 180°C for 8–10 minutes.

Allergy Warning:

Our cookies may contain soy, eggs, tree nuts, peanuts, or dairy products.

Important Note:

We do our best to avoid cross-contamination, but we cannot guarantee it.
